

Evaluation: My Home Country Project

1. Now the project is over, how do you feel?

Now the project is over I feel great and good because I don't need to record anymore.

2. Did you enjoy working on this project? Why or why not?

Yes I did enjoy working on this project. Why? Because it talks about my culture and also it can help other people know about Thailand.

3. Which part did you enjoy the most about this project? Why?

The part I enjoy the most is going to be the typing part because like typing rather than recording.

4. What did you find the most challenging? Why?

The most challenging thing that I find was probably when I have to research some letters that I don't know about.

5. Did you enjoy working with your family on this project? Why or why not?

Yes and no because like they would not understand but they at least will know what I work on at school and what I talk about at school.

6. Did you learn anything new about your home country? What?

Yes, I learn that yellow cheeked-tit is a bird that's from Thailand.

7. Tell about the favorite pages you created and why.

My favorite pages that I created is the tuk-tuk one because it's really cool is like bike and motorcycle mixed together.
